

Course Name: Waste Manifest Training

Course Description: The objective of this course is to allow participants to understand the legal aspects involved in registering, storing, transporting, and disposing of subject waste. Responsibilities and duties under the Environmental Protection Act of Ontario and General Waste Management Regulations will also be covered.

Target Audience: This course is designed for Environmental, Health and Safety Professionals, Plant Managers, Shipper and Receivers, and anyone else that is involved or responsible for the proper use, handling, transport, and disposal of subject waste in Ontario.

Course Outline: This course addresses the following topics:

- Acts and Regulations;
- Definition of Subject Waste;
- Generator Registration / HWIN;
- Classification of Subject Waste;
- Storage of Subject Waste;
- Carriers and Disposal Sites;
- Manifest System for Subject Waste; and
- Completion of a Waste Manifest.

Length of the Course: This course takes approximately 4 hours to deliver.

Course Location: This course can be delivered from any of our Jacques Whitford offices in Ontario. Many clients also request that the course be customized to their operations and be delivered on site. We encourage other organizations to take advantage of this service.

Course Evaluation & Certification: At the training session, all participants will be required to sign an attendance sheet to record their presence, as well as take a quiz at the end of the session to evaluate their learning. Participants who successfully pass course requirements will be issued a JWTI training certificate.

Course Pre-requisites: It is preferred if participants have previously taken our Transportation of Dangerous Goods course, but this is not a requirement.

Materials: The course will be presented using Microsoft PowerPoint Presentation slides. Training materials will also be provided to ensure that trainees have a reference manual for future guidance. Training materials include a participant workbook that will incorporate our PowerPoint Presentation slides, as well as many other useful references related to the subject material being delivered.

Instructor: This course will be delivered by the Project Manager / Trainer Neil McDermott, B.Sc., CRSP. Neil McDermott is a talented trainer that has extensive experience in providing environmental, industrial hygiene, and health and safety services.
